Dear Third Grader Parent/Guardian:

Sacred Story Institute (SSI) developed a new Ignatian Pre-K to grade 8 conscience formation program called Sacred Story Youth (SSY). SSY took two and a half years to develop and was tested with hundreds of students and teachers across six dioceses in the United States. The program is designed to use a three to five minute space after recess each day to teach the Ignatian “examination of conscience” in a new rendition called Sacred Story Prayer.

The program’s main teaching tool is recorded guided meditations that are age appropriate for each of the Pre-K to 8 grades. The three-eight minute guided meditations are designed to be used to quiet the mind and guide students learn how to hear the voice of God in their hearts.

This is a yearlong meditative experience to help children build sensitivity and awareness of God’s presence in their lives, to allow God to shape one’s *Sacred Story* according to his will and graces. St Ignatius, the founder of the Jesuits (Society of Jesus) used the examination of conscience every day and teaches us that spiritual conversion is not a single event but a life-long process.

The third graders focus on The Sacred Story meditation theme of MERCY: ***Father I believe that You showed us in Jesus that mercy and forgiveness is the greatest expression of Your love*** linked with the 8th Commandment (You Shall Not Bear False Witness Against Your Neighbor) with the meditation: ***I believe God loved me***

into life and so I commit myself never to break relationship with anyone by my false or destructive words or speech!

There are two storylines to the relational paradigm: I can choose to build friendships and community by speaking well of others and focusing on their good qualities. Or I can choose to tear apart friendships and community by speaking negatively about others and focusing on their bad qualities.

Sacred Story Youth uses a “relational paradigm” for understanding creation, the fall and redemption. Sacred Story’s relational paradigm provides a new and intuitive way to understand the most complex and important dimension to the Story of the cosmos and human life. Pope Francis called the Creation a “love story” that to our day is still being written.
